Cristal
PACK MACHINES

About Company

Cristal Pack Machines was formed in **2018** with an aim to fill the gap between demand and supply of high quality, cost effective and low maintenance packing machines. Working in the domain of manufacturing packing machines for 12 years our promoter **Mr. Keshav. M .Udyavara** realized that there is a huge problem of Machine Down Time, Lack of Service, Decrease of Product Performance Overtime and Delayed ROI. With an objective of solving these problems and to work dedicatedly towards addressing customer needs he started the manufacturing facility in Vasai, Maharashtra.

We manufacture machines for bottling Aerosol, Liquid, Paste/Cream & Powder. We also provide Complete Lines for packing Bottles and Cartons like Bottle Washing, Foil Sealing, Capping, Sticker Labeling, Sleeve Applicator, Overwrapping, Bundling/Collating & Shrink Wrapping, Flow Wrapping and Cartoning.
